Celebrate Your Business Milestones With Us

More than 300 friends and family, colleagues, business associates, media members and City of Toronto officials gathered at David Duncan House to celebrate the re-launch of the iconic Toronto restaurant. At the celebration, Councillor Michael Thompson, chair of the City of Toronto's Economic Development Committee, presented CEO Peter Eliopoulos and partners of David Duncan House with an official City of Toronto scroll honouring the company's investment in the restaurant and the local community. Congratulations to this iconic landmark on their recent revitalization!

The City's Economic Development and Culture team is here to support local businesses and can collaborate on your milestone events including groundbreakings, openings and expansions.
