OPENING OF PETROS82, HOTEL X

OCT 11, 2019

On September 6, Hotel X's newest restaurant, Petros82, opened in Toronto. Overlooking Stanley Gardens and the city's waterfront, the Mediterranean restaurant focuses on all-natural, locally sourced ingredients, serving dishes such as grilled line-caught swordfish, miso-seared cod and Atlantic lobster tail. The venue also hosts a raw bar serving sharing plates and fresh seafood, ideal for grabbing an après dinner bite.
